It is clear Epstein was involved throughout Masha Prusso's academical evolution. He was asked to review her personal statement for applying to a summer clerkship, as well as to play the role of a Law Professor:

"Do you want me to call you on 16 or 17 of March ? Which day/what time suits you Best? Do you like the idea if I send you my resume beforehand so you could imagine you are the Dean of Cornell law (http://www.lawschool.cornell.edu/faculty/bio.cfm?id=70) or a Law Professor for the skype call and ask me appropriate questions referring to my CV? And I will try to answer correctly and persuade you why I am the best candidate for Cornell. It could be a Fun role playing…."

Here is Masha's Personal statement

"Dear Sir or Madam, I am currently completing a Juris Doctor at University of New South Wales fulltime, after having obtained a Bachelor in International Commerce Law. I sincerely hope that i will be accepted for a Summer Clerkship at your law firm. I have aspired to work for BM since my very first year of law school at the University of Paris 1 Sorbonne. Your law firm is has been regularly recognized for its excellence. I have worked for Clifford Chance, one of the top five firms in Paris .I prefer working for a big firm. According to statistics, Chambers Global has ranked Baker & McKenzie's Dispute Resolution practice in more countries and listed more of our lawyers than any other global top 20 law firm. my fields of interest are in the fields of dispute resolution, arbitration While going through the brochure about Summer Clerkship at your firm, I was xcited by the fact that your Summer Clerks get involved in real work right from the start. This is exactly what

Research by Shemesh.ps

I am looking for. I will be honored to be exposed to Australian and international clients through client meetings which did not happen at my previous internship. Baker & McKenzie offers to its clerks the guidance by a Supervising Partner and an Associate 'Buddy' which personally I consider very useful given my previous experience at Clifford Chance. As for my personality I am a hardworking, outgoing and positive person and I believe I have the passion and the drive to contribute effectively, and as a team player will strive to enhance the continued success of your firm. In my past, I have represented Russia in the 2006 Olympic Games.. Sports taught me discipline, patience and determination. For a 22 year old, I have travelled around the world for sports, studied in foreign universities and completed legal internships which i believe gives me a unique strength. I chose law as my future career because as a High school student I was always keen on debating, public speaking and politics. I believe that being an attorney reflects my passion. Additionally, as a past professional athlete I consider that defending my client, arguing in court is a sort of competition, a complex challenge for a mind and I do like challenges. This competition of ideas and the search for compelling arguments requires skill and practice which I hope to expand during my Summer Clerkship at your law firm. I would truly appreciate the opportunity to discuss the Summer clerkship opportunity further during an interview with you.“

She asked JE advice when she considered becoming an escort girl:

“to work as escort girl, to go for dinners, be someone's company and maybe have sex for the agency, like cliteescortsydney agency.... i sent my book to them, they like me and want to work for them, its from 400-1000 per hour... i can go to dinners but what if client wants to have sex, i have to do it otherwise fired... i don't know if i wanna do it but i need to pay for my school and i remember when we were first talking to you you said if you want a job and you need to have sex to do it you have to accept sex if you do want a job

do you have girlfriends who have done escort ? how was it for them ?“ EFTA01843299

Masha mentions a woman named Alice, whom she introduced to JE, in multiple files: EFTA02586442 EFTA02586231 EFTA02587152.

In EFTA02587152, Masha says: “Masha got very skinny=(49 kilos for 1m70) after a stressful life in Monaco;) I know you do,t like fat people because it shows that they dont have d=scipline..i remember“ two pictures are attached

JE answers: “Looks good. =im sorry that you and alice have to learn the hard way“

Masha says: “Thank you what do you mean "to learn hard way" ? You always taught me "easy way" in life, Older men can abuse us...how to figure out whom t= trust is hard. How do u do it?“

JE answers: “that means instead of prediciting bad outcomes. you =ive it and then are abused, you are intuituve and know i= advance what is going to happen but try to convince yourself , maybe it w=n’t.“

In EFTA02654404, masha wants JE to meet a young girl “Anastasia Kotova from Monaco“, as well as five other “candidates“. JE replies they’re “too old“.

Other files you can review by yourself as I haven’t finished putting my research on paper.
